# INTRODUCTORY

The fascination of Numismatics as a scientific hobby has seldom been more forcefully demonstrated than by the interest displayed in the science by Major Richard Lambert, whose fine collection is described in the following pages and which I have the honor of his having placed it in my hands for sale at auction.

In the course of Major Lambert's numismatic experience, which extends for half a century, he formed and disposed of several fine collections, but found he could not resist the fascination of numismatics, and after the sale of his former collections, he began the forming of another.

This collection, which Mr. Lambert informe me is his final one, he parts from it through a desire to conclude as much as possible his affairs. He retains only his extensive collection of Masonic Medals and Badges, which is undoubtedly the most extensive private collection of its kind in existence. This he intends to present to some Masonic Institution.

Major Lambert was born in Dublin in 1828. He came to this country while still a lad, and has resided in New Orleans for the past 70 years. He is a veteran of both the Mexican and Civil Wars, having served with distinction in both.

In Masonic affairs, Major Lambert is one of the most widely known Masons in the country. For more than 50 years he has been associated with the Masonic Order, in which he has been highly honored, having been conferred with the 33rd Degree. For the past 35 years he has been Grand Secretary of the Grand Lodge of the state of Louisiana, and Secretary of all Masonic Bodies of New Orleans and Recorder and Representative to the Imperial Council for the Jerusalem Temple of Shriners. And although now in his eighty-sixth year, he is still blessed with hale and vigorous health and personally supervises the duties of the important offices he holds.

In Numismatics Major Lambert devoted his attention, besides his Masonic collection, to the United States coinage and to particularly interesting foreign coins, all of which is offered and is to be sold without reserve in this sale.

The United States gold coinage is represented with a proof $4.00 piece; a collection of $3.00 coins complete with only one exception and including a brilliant proof 1859; 1873; a brilliant proof 1876 and an extremely fine 1877. Gold Dollars are about complete, with the 1864, 1865, 1866, 1869 and 1875.

The Silver Series is very complete with Dollars of 1836, 1839, 1851, and 1858. The other denominations being practically complete, with fine Cents, Half Cents, together with a good representation of American Colonial coins, among which there is a fine Baltimore Sixpence, Washington Cents, etc.

The Foreign Section includes such rare pieces as Crowns of Cromwell, Elizabeth, the Commonwealth and a silver Pound of Charles I. There is a fine Jewish Shekel, together with other interesting ancient coins.

With this collection is also included the Duplicate Collection of Mr. Waldo Newcomer, who placed it in my hands to be sold without reserve. Among this collection there are the extremely rare "D" Gold Dollars of 1854, 1855, 1856, 1857, 1858 and 1861; brilliant proof 1863 and 1869; a very fine 1870 "S". It also includes a fine lot of $3.00 gold pieces, with a very fine 1877, etc.

An additional consignment of "Wild Man Crowns," together with a collection of nearly one hundred different varieties of the "Gun Money" of James II., should appeal to all who are historically inclined.

## REGARDING CATALOGUEING.

I have catalogued every coin most carefully and accurately as regards their true conditions—as I see them. The rarest coins are faithfully reproduced on the beautiful plates accompanying this catalogue and for which there is absolutely no charge. I have tried to be very liberal in every instance, but in soliciting your bids I do so with my positive assurance that YOU are to be SATISFIED.

I CHARGE NO COMMISSION FOR EXECUTING YOUR BIDS, and invite your bids upon the following

## TERMS OF SALE.

When I receive your bids, I consider myself as your agent and buy for you at as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

All bids are entered as received and lots distributed to the highest bidder. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5 per cent. over the highest bid. The lots are sold as catalogued, at so much PER PIECE. No lot is broken under any circumstances. If there are ten pieces in a lot and you want to offer $1.00 for the lot, make your bid 10c.

Collectors bidding for the first time and whose good standing is not known to me, should send a deposit covering at least 25 per cent. of their bids.

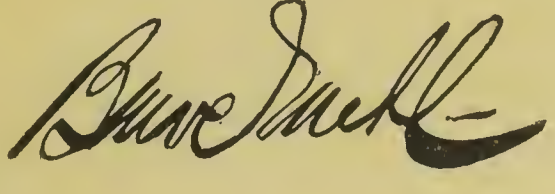
I guarantee all coins and notes to be genuine unless otherwise stated in the catalogue. This guarantee holds good indefinitely.

## THE PRICE LIST OF THIS SALE

showing amounts realized for each lot will be issued promptly after the sale and sold for only Fifty Cents, cash with order.

From the above Introductory, together with only a "glance" through this catalogue, I believe that whatever your numismatic interest may be, there is something in this sale to interest you. I respectfully invite your bids and assure you in advance of my best attention and appreciation.

Cordially yours,



301, 302, 303, 304 Flat Iron Building,

My distributing these fine plate catalogues to all my clients without a cent of cost to them has been the cause of so much favorable comment and words of appreciation from them that I feel fully compensated for the large expense and labor incurred in their production. The plates are as perfect and the reproductions of the coins as faithful as is possible to produce.

In the distribution of Plate Catalogues without cost to my clients I feel that both the buyer and seller are profited.

Another important innovation of my sales is the distribution after the sale of neatly printed Lists of Prices showing the amounts realized for each lot of the sale. My charge is only fifty cents, (usually such lists cost $1.00 to $1.50). By securing this list and combining it with this fine catalogue you have an attractive and valuable reference work on the prevailing values of coins.
